Ang Epiko ni Aei

Sa pagwawakas ng Digmaang Trohano, pagkaraan ng pagtakas ni Aeneas mula sa Troyang nawasak ng mga Griyego, at pagkalipas ng maraming ulit na kabiguan sa pagtatatag ng panibagong Troya sa ibang mga pook, narating ng kaniyang barko ang Hilagang Aprika,

"Ang Aeneid" ay isang mahabang epikong tula na isinulat ni Virgil sa pagitan ng 29 at 19 BC Ang tula ay nakatuon sa Aeneas, isang tauhan na onlinal na milikha ni Homer sa "Ang Iliad." Ang unang kalahati ng kuwento ay tungkol sa Aeneas mahabang paglalakbay mula sa Troy sa Roma at ang ikalawang kalahati ay tungkol sa pagwawagi ng Trojans laban sa Latino. Ang mahabang epikong tula ay gumising sa Roman karangalan sa pamamagitan ng pagpun Roman halaga, idealizing kultura Roman at nagpupun sa kabayanihan Roman aksyon. Bago ni Virgil writings, Roma ay madalas na tiningnan bilang isang digmaan-punit-punit lupain na struggled upang makakuha ng pang-pangmatagalang kapayapaan.

Power Sa pamamagitan ng Moral Integrity

"Ang Aeneid" ang bumuhay sa karangalan ng Romano sa pamamagitan ng paggalugad nangingibabaw sa upuan ni Rome sa mundo. Gayunman, Roma ay hindi na tiningnan bilang isang manipulative, pagkontrol lungsod na sapilitang pagsunod. Ito ay makikita bilang isang makatwirang lungsod na may pamumuno na na-promote ang pagiging patas at katapatan. Virgil nais mambabasa upang maunawaan ang mga layunin ng mga Romano at ginamit ang pangunahing karakter ng Aeneas upang isagawa ang papel na iyon. Aeneas ay heroic dahil nais niyang katotohanan at katarungan upang makapanaig. Anchises instructed Aeneas upang labanan laban sa mga palalo, ngunit upang magpakita ng awa sa kanila na mga nabihag. Sa pamamagitan ng mata ng mga Romano, heroes tulad ng Aeneas nakataas ang katayuan ng Rome sa isang mataas na antas na hinihikayat pagkamakabayan at paggalang mula sa mga mamamayan nito.

Kagalang-galang Hentage at Ancestry

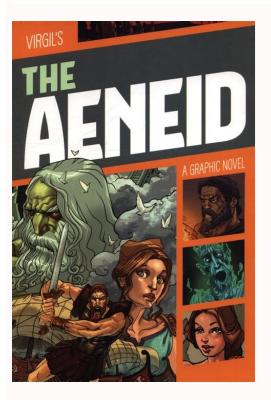

Virgil himhikayat Roman pride pamamagitan stressing ang kahalagahan ng pamilya at pamana. Sa partikular, siya na ginagamit ang papel na ginagampanan ng ama upang matulungan ang mga mambabasa na maunawaan ang kahalagahan ng pag-ibig, paggalang at responsibilidad. Halimbawa, Aeneas natanggap na karunungan mula sa kanyang ama sa pamamagitan ng isang pangitain. Kinuha niya ang isang pag-aalay sa "Lar ng Troy" at sa pamamagitan na ito na susunugin, ay nagpakita ng kanyang responsibilidad para sa kanyang pamilya, ang lahat ng dating Trojan kabahayan at ang lahat ng dumarating Roman henerasyon. Ang all-encompassing duty nagbigay Romans isang dahilan upang Pinahahalagahan, at makikisama sa kanilang mga ugat.

Hope para sa Hinaharap henerasyon

Virgil ginamit "Ang Aeneid" upang ipakita kung paano mga character tulad ng Aeneas ay ganap na nakatuon sa hinaharap ng Roma, ayon sa College of the Holy Cross propesor Aaron M. Seider sa kanyang akdat, "Memory in ni Virgil Aeneid" Aeneas ay nakatutok, tinutukoy at nasasabik tungkol sa hinaharap ng Roma, sa kabila ng anumang mga kontrahan sa lungsod nahaharap. Hindi niya masamain kanyang mahaba at mabigat na paglalakbay mula sa Troy sa Roma, ngunit ginamit ito bilang isang pagkakataon upang mapalago at tingnan ang digmaan sa isang iba't ibang liwanag. Virgil wrote "Ang Aeneid" ilang sandali lamang matapos ang digmaang sibil ay nagwakas sa Rome, halos lahat dahil sa ni Octavian malakas na pamumuno. Gusto niya ang kanyang mga contemporaries tingnan Rome - at Octavian - na may mahusay na paggalang at paghanga. Ang layunin ay upang magbigay ng inspirasyon at mag-udyok mga Romano upang maunawaan ang kanilang nakaraang sa gayon maaan nilang sumulong patungo sa isang matagumpay, masagana at may pag-asa sa hinaharap

Peaceful Mga katangian ng Rome

Sa "Aeneid Ang." Virgil imilarawan Rome bilang isang lungsod ganap na magkaibang mula sa anumang iba pang mga lokasyon, parehong sa pisikal na anyo at pang-matagalang mapayapang layunin. Roma ay kinakatawan bilang mas maganda, espirituwal at sumasamo kaysa sa anumang iba pang mga lokasyon. Kahit na ang species ng mga puno sa iba pang mga lungsod ay hindi ihambing sa mga nasa Roma. Virgil ginamit "Ang Aeneid" upang ipakilala ang isang matapat na paglalarawan ng digmaan, hindi isang kaakit-akit ng isa. Siya reawakened Roman pride sa pamamagitan ng pagtalakay sa isang oras sa malapit na hinaharap kapag Roman control ng dako ng mundo ay magdadala ng isang pangwakas na dulo sa lahat ng digmaan. Ang kapayapaang ito ay naging kilala bilang ang Pax Romana.

See! See! ahighs minister their marks: The god provides our hands thrown. I'll try to publish thoughts about every book of the 12 books, but I'm not embarrassed by it. As if "there was little deals with whistling air his empty blows. I'm starting this session to discuss Virgil's The Aeneid. Surely the king orders for the rest, with adorned golden pieces, and purple©reins. Surprised by its weight, the hero rose, and poisoned the lake's engines in his hands. Book VI: The Trojans arrive in Cumae, in Campânia, where EnÃas©is© obliged to consult the Sibyl who instructs him to have access to the Underworld, the kingdom of the dead. They meet; rotate; throw their darts away with harmless anger and well-assembled war. Five sheep, according to the rites, he killed; like many pigs, and sable oxen; wine of the ©new gAnero which he poured from the calices poured. The winning daemon rides obscure in the air as the ship sails without the pilot's care. Then Mnestheus directed his earnow, that it cut the cord that tout the fluttering pAsaro. Hi! Can you help me out here? Lower the beast, do not need a second wound, but spreads in death blows, and spreads on the tea. Soon all with vigour bend their bows of trust, And the quiver each chose his the unknown cause; However, his mind presages Dido's fate of divinized fire; He knew the stormy souls of That secret wets their anxious µ move, who are capable of death by love lesmaria. But first to Pluto's love rage of anger. The race thus ended, and rewards, once again, once again, once again, once again, once again, the princes reveals the attentive crowd: "If there are here whose inunitive courage dares in the gauntlet struggle, with limbs and naked body, their opposite sustenance in open view, the camper rose, and the games renew. WOOL; he meets several people from his past: Deiphobus, who died in Troy, Dido, who committed suicide because of his love for him, the evil-starring pilot Palinurus, and his father Anchises, who reveals him the distant future. The language of poetry is
that of prose to fixed and crystallized language of the merger; that of prose to fixed and crystallized language of the merger; that of prose to fixed and crystallized language of the merger; that of prose to fixed and crystallized language; and the attempt to copy one material into the other should always rely on the inability to convey what is, after all, one of the most essential things in poetry Âits poetic©quality. "Ai de ma!" said one, "what oceans are left for us to sail! what a job to sustain!" Everyone takes the word, and, with a general groan, begs the gods for peace, and places themselves. In this the hero repaired an oak sight, The mark to guide the sailors right. The appeals of the spectators the cries appeal renew, And all the parents in the children see; His marks, his movements, and hopefuls and fears alternate on his face. Hippocoon was the first: with strong swing He flew, and, buzzing, cut the way there. The next Centaur, and the Dolphin's crew, His hopes of vitInaria disappear; While Gyas lags, they light up in the race, to reach the mark. When the Trojans'© vitinism is certain, Juno reconciles with Júpiter and obthes©his agreement that there will be no vestiges of the Trojan name in the Latin people. A storm of spills, well-intentioned, with fãºnebres flies, and mistakes on their temples, ears and eyes. Here those who in the course quick delight, Desire of honor and the prAmio invite. Then the traitorous god began his tale: "The winds, my friend, inspire a pleasant gale; The ships, without the care of you, sail safely. Jupiter sends rain and saves all the ships but four (811-855). Dire auguries from hence the Trojans draw; Till neither fires nor shining shores they saw. Does Aeneus make the right decision in leaving Dido? In sleep I saw her; she supplied my hands (For this I more than dreamt) with flaming brands: 'With these,' said she, 'these wand'ring ships destroy: These are your fatal seats, and this your Troy.' Time calls you now; the precious hour employ: Slack not the good presage, while Heav'n inspires Our minds to dare, and gives the ready fires. Nisus with envy sees the gift, and grieves. But now, farewell! I vanish with the night, And feel the blast of heav'n's approaching light." He said, and mix'd with shades, and took his airy flight. But now the prince, who saw the wild increase Of wounds, commands the combatants to cease, And bounds Entellus' wrath, and bids the peace. I seek not now the foremost palm to gain; Tho' yet- but, ah! that haughty wish is vain! Let those enjoy it whom the gods ordain. But fortune's errors give me leave to mend, At least to pity my deserving friend." He said, and, from among the spoils, he draws (Pond'rous with shaggy mane and golden paws) A lion's hide: to Salius this he gives. Mark how the shifting winds from west arise, And what collected night involves the skies! Nor can our shaken vessels live at sea, Much less against the tempest force their way. Virgil (Publius Vergilius Maro), who had already established his greatness of Roman poetry through his previous works of The Ecloques and The Georgics, looked back at the chaos of that century and tried to make sense of it by creating an epic of the founding of Rome and linking the founding to his contemporary events. The third this Grecian helmet shall content." He said. So Salius lay extended on the plain; Euryalus springs out, the prize to gain, And leaves the crowd: application application on the plain; Euryalus springs out, the prize to gain, And leaves the crowd: application on the plain; Euryalus springs out, the prize to gain, and found The tossing vessel sail'd on the plain; Euryalus springs out, the prize to gain, and found The tossing vessel sail'd on the plain; Euryalus springs out, the prize to gain, and found The tossing vessel sail'd on the plain; Euryalus springs out, the prize to gain, and found The tossing vessel sail'd on the plain; Euryalus springs out, the prize to gain, and found The tossing vessel sail'd on the plain; Euryalus springs out, the prize to gain, and found The tossing vessel sail'd on the plain; Euryalus springs out, the prize to gain, and found The tossing vessel sail'd on the plain; Euryalus springs out, the prize to gain, and found The tossing vessel sail'd on the plain; Euryalus springs out, the prize to gain, and found The tossing vessel sail'd on the plain; Euryalus springs out, the prize to gain, and found The tossing vessel sail'd on the plain; Euryalus springs out, the prize to gain, and found The tossing vessel sail'd on the plain; Euryalus springs out, the prize to gain, and the plain the p shoaly ground. If neither Jove's nor Fate's decree withstand, Secure his passage to the Latian land." Then thus the mighty Ruler of the Main: "What may not Venus hope from Neptune's reign? "O Jove," he cried, "if pray'rs can yet have place; If thou abhorr'st not all the Dardan race; If any spark of pity still remain; Yet spare the relics of the Trojan train! Yet from the flames our burning vessels free, Or let thy fury fall alone on me! At this devoted head thy thunder throw, And send the willing sacrifice below!" Scarce had he said, when southern storms arise: From pole to pole the forky lightning flies; Loud rattling shakes the mountains and the plain; Heav'n
bellies downward, and descends in rain. Not mindless then, Euryalus, of thee, Nor of the sacred bonds of amity, He strove th' immediate rival's hope to cross, And caught the foot of Salius as he rose. The divine aid for Aeneas culminates in the gift of a set of armor made by Vulcan, the shield of which is decorated with scenes from future Roman history. First to the Trojan, spent with toil, he came, and calmed his sadness for the shame suffered. Then, to his fearless boss: "Not Heav'n," he said, "Tho 'Jove should promise Italy, may contain the torrent of this revolting sea.
