How to make your text bold on android. How to use spannable string in android.

For example: Val Spandext = SpanterableStringBuilder ("Minderks") Val ClickableMindowss = Subject: Clickablanspan () {Override Fun OnClick (View: View) {toast.maketext (View.Context, "Minderks clicked!", Toast.ngth\_short) .show ()}} spanthoxt.setspan (clickbloMindorks, 0, spanthoxt.lengths, 0, spanthoxt.length, 0) spanthoxt.setspan (pricegroundcolorspan (color.red), 0, // Start 8, // end spanable.span\_exclusive\_exclusive) TVMessage .SetText (Spandext, textView .BufferType.spannable) Here, a toast is displayed on the clicking "Minderks". The above code output will be: with the help of the bulletspan, you can create a list of projects in the application to view some information shortly and easily. // Function to cover a list in Bullet List fun ConvertBulletlist (Stringlist Stringlist: List ): Caparence {Val SpannableStringBuilder = spanterableStringBuilder ("Learn Android from") Stringlist.freakindexed {Index, Text -> Val Line: for a fee = Text + SE (INDEX
